Art & Craft: Make a Birdhouse

Material(s) Required

One Empty Juice or Milk Carton , Foam Sheet , Colorful ice-cream Sticks
Paint of your choice , Ribbon , Glue , Paper Cutter , Bird Seed

Procedure

1. Take the empty juice/milk carton and cut out a door in the empty carton.
You can even cut a door with a different shape - rectangle, square or round.
2. Paint the carton using any colour of your choice.
3. Cut the foam sheet into a rectangular shape for the roof.
4. Glue the craft sticks on the foam sheet and allow it to dry.
5. Once the paint is dried, make a small slit under the door cutout, and glue an ice cream stick through the slit as a bird perch.

6. Then, fix the roof on the carton.
7. Once the roof is fixed, cut out two holes on the carton, just under the roof to hang it using ribbons.
8. The birdhouse is ready to hang.
9. You may decorate the birdhouse further, as per your wish
10. Put some bird seeds inside and hang the birdhouse in the balcony or outside garden.
